Equipment Required for Virtually Proctored Exams:

- Exam must be taken on a desktop or laptop computer with any operating system noted above.
 - NO mobile devices may be used to take the exam.
- You must have a reliable WiFi or internet connection.
- You must have a working microphone, speakers, and webcam.

Note to Students

Many computers are equipped with a webcam and microphone. If yours is not, you will need to acquire these items before your scheduled proctored exam.

If your computer is already equipped with a webcam and microphone, and you are having technical difficulties, please review the FAQ below for some help troubleshooting.

Students are not permitted to use mobile devices for their virtually proctored exam.
