Colorado Continuing Education

All active real estate brokers are required to complete 24 hours of Commission-approved continuing education during a 3-year license cycle.

Note: A newly licensed broker's license will expire at midnight on December 31 of the year in which the license was issued. During this initial licensing period, a newly licensed broker will not have any continuing education requirements. After the initial licensing period, the broker licensee will begin the 24 hours of continuing education in the 3-year licensing cycle.

Three-Year License Cycle Continuing Education Requirements

Licensees must complete the following CE courses for a total of 24 hours over 3 years:

- 4 hours Annual Commission Update Course (1/year)
- 12 hours of elective courses

Alternative to the Annual Commission Update Course

If any Annual Commission Update Course is missed during a license period, the licensee may complete one of the following options:

- Take and pass the state portion of the licensing exam
- Take the 24-hour Broker Reactivation course. This option is only available to be taken every other licensing cycle
- Complete 48 hours of Colorado Contracts and Regulations and 24 hours in Real Estate Closings, equaling 72 hours

Inactive License Continuing Education Requirements

If a licensee has been inactive for longer than 3 years (36 months), then they **MUST** complete one of the following:

- Take and pass the state portion of the Broker licensing exam
- Complete 48 hours of Colorado Contracts and Regulations and 24 hours in Real Estate Closings, equaling 72 hours

Note: Licensees must retain proof of completion of continuing education courses for a minimum of 4 years in the event that the Real Estate Commission performs an audit.
